

Camponi Housing Corporation Covid-19 Update

June 2, 2020

Together, we are flattening the curve!

It has been two weeks since Camponi Housing's offices re-opened with modified scheduling and staffing. What we have learned is that our tenants and staff are doing a great job, and taking safety measures very seriously.

With that experience, we are happy to announce that as of today, our **office hours will return to normal.**

Our Admin Office will be open Monday to Friday, 8:10 am – 4:30 pm.

Our maintenance office will continue to be closed to the public; however, our entire maintenance team will be on staff and ready to serve you as we always have.

Our office staff will continue to work in a modified schedule, blending working from home and in the office in our teams to ensure we are always able to practice social distancing in the workplace.

We ask that our tenants and clients continue to observe the guidelines posted at our office; allowing only two people in the reception area at one time, lining up outside at the designated markers, and practicing social distancing at all times.

Camponi Housing Corporation is grateful to our tenants for the immense understanding and respect that you are showing to our staff, and for the incredible work of so many front-line workers in Saskatoon that are working to keep us all safe and healthy.

Sincerely,
Management & Staff of Camponi Housing Corporation
